

Statement on REACH/RoHS Compliance

All of United Resin's materials are compliant with the RoHS directive 2011/65/EU and related amendment 2015/863EU concerning the restriction on use of certain hazardous substances. These materials do not contain any of the ingredients listed in the directive. These materials are also in compliance with the directives of EU REACH (EC) 1907/2006 including amendments subsequently added up to June 10, 2022, and do not contain any of the substances listed as Substances of Very High Concern (SVHC).
